The control panel features several circular indicator lights and four square buttons. The 'Start' button is green with a black plus sign. The 'Stop' button is red with a black minus sign. The 'Next' button is white with a black arrow pointing up. The 'Reset' button is white and empty. To the left of the buttons are four indicator lights labeled 'load', 'RWL', 'gency', and 'ice Due'. Above the buttons are four indicator lights labeled 'ON', 'U/V', 'O/F', and 'U/F'. The bottom right corner contains the text 'Specialty dev' and 'Main' with a logo.
